

Gladwin County Democratic Party

Below, you will find a fillable application. Usually, if you open it directly from the email, it's in only a readable mode. Regardless, you will need to download it from the email and save it so you can either complete it and/or return it for endorsement consideration.

Different devices (PC, Mac, cell phones) all have different ways of accessing and saving a document. Some are download, some uploads, and some are just save. If unfamiliar with the process, search the internet for how to save an attachment from an email and read about the specifics for you device. Regardless of the situation, you will need to know where it's being save, so you can retrieve and open it to fill in the fields and return it for consideration.

Once opened for entry, it as text fields to type into and selection boxes. To see the values in the boxes, in this case Yes or No, click in that field to display a drop down arrow on the right side, which when clicked displays the list to click and make a selection. All selectable fields have been defaulted to No.

Once all required fields are completed, save the completed document and either reattach to an email (again, each device has their own steps to attach a document and if you aren't sure how, search the internet) and email to gladwincodems@gmail.com or print out the completed form and mail to: Gladwin County Democratic Party, PO Box 523, Gladwin, MI 48624.

Continue to the next page to access the fillable form.

Gladwin County Democratic Party

Endorsement Application

The Gladwin County Democratic Party (GCDP) strives to recruit high quality candidates so that no race goes uncontested. We support these candidates by endorsing their campaign and offering campaign donations. To be considered for endorsement and funding, please fill out this application.

VALUES

Healthcare

I am committed to ensuring that every American has access to quality affordable health care and treatment, including the use of telemedicine, plus accessibility for rural residents. Healthcare should not be biased based upon gender or race or exclude pre-existing conditions.

Education

I support: Fully Funded Public Education; Broad-based curriculum (including Vocational, Science, Health Technology, Math, Economics, Languages, Art, Music, History, Political Science, Literature, Dramatic Arts, Home Economics, and Life Skills); Continuing Education for Adults, that is robustly funded and affordable classes through our Community Colleges; Support for our Union Member Educators; Expanded Public Education to include Early Childhood Education.

Infrastructure

I support modern infrastructure improvements, which include reliable and affordable internet and cell phone service, better roads, safer dams and bridges, and common-sense renewable energy projects.

Environment and Energy

I strongly support science-based, reasonable, and robust environmental and energy policies that promote clean water, clean air, soil conservation and clean, renewable energy.

Affordable Housing

I believe that affordable housing has become a critical challenge, and if able in my elected role, I will utilize and create the tools necessary to address this problem.
